

## INTERNATIONAL PERFORMANCE DESTINATIONS:

# Spain

Spain performance trips offer a unique experience for your group. Is your group ready for a choral masterclass, and intensive orchestra workshop, or enjoying the process of making a creative, musical contribution at Sound University Europe. Ready to take the stage at the National Music Auditorium or fill the air with beautiful sounds in Palau de la Música? Spain gives your group plenty of opportunities to learn, explore and showcase your musical talents. This destination has everything for your Spain performance trip. After France, Spain is the second-largest country in terms of land area in Europe. Its culture and language have spread throughout the world, thanks to its kings, explorers, soldiers, and sailors. And the music of Spain has played an important role in the evolution of Western music and has greatly impacted Latin American music. Spanish music is often correlated with traditional styles such as flamenco and classical guitar. The breadth of musical discovery can be seen in composers like Tomás Luis de Victoria, techniques like the Zarzuela of Spanish opera, the ballet of Manuel de Falla, and the classical guitar music of Francisco Tárrega. Is your performance group ready for the historical and magical performance opportunities of Spain?
