

U.S. PERFORMANCE DESTINATIONS:

Branson

Branson performance trips offer a unique experience for your young musicians. Learn, explore and showcase your musical talents with a 45-minute performance and clinic in a non-competitive environment, perform the ultimate concert on stage live at a Branson Theatre or dazzle the crowds at Silver Dollar City on the Gazebo Stage. There are plenty of treasures hidden in the Ozark Mountains to make your Branson performance trip memorable and educational. In between performances, your young musicians can enjoy magnificent theatres, restaurants and lodging facilities, all conveniently located in America's heartland. If your group is looking for attractions and entertainment to feed their appetite, your biggest challenge won't be finding them, it will be picking which ones to pursue. Branson has much to offer your performance group.
