

## INTERNATIONAL PERFORMANCE DESTINATIONS:

# Florence

To perform in a concert in Florence means to increase one's cultural experience and maturity in a town with a profound musical tradition, just to mention the famous "Maggio Musicale Fiorentino", which annually hosts the most important musicians and orchestras from all over the world. In the last quarter of the 16th century the melodrama was born in Florence as a result of the efforts of a group of musicians and literaries called "Camerata Dell Bardi". Florence is furthermore the birth place of the piano, which was built by Bartolomeo Cristofori at the end of the 17th century for the great Medici family. Out of this musical heritage and rich tradition, Florence gives young musical talents the opportunity to perform in places of immense historical importance and architectural beauty. Florence performance trips offer an iconic experience for your group. Have your choir perform at the Basilica di Sant'Antonino, Church of Saint Anne or Church and Cloisters of San Francesco. Have your orchestra take the stage at Chiesa Santo Stefano al Ponte and perform with artists from Il Trillo School of Music as part of the Florence International Music Festival. With Master classes and educational workshops, and breathtaking venues, Florence will give your group plenty of opportunities to learn, explore and showcase your musical talents. This country has everything for your Florence performance trip.
