

INTERNATIONAL PERFORMANCE DESTINATIONS:

Rome

Rome performance trips offer an iconic and educational experience for your group. Have your orchestra perform at Oratorio del Caravita, an 17th Century Baroque Oratory in the City Center of Rome (Frescobaldi and Mozart are among the musicians to have performed in this beautiful, ornate space). Have your choir perform at mass in the largest church in the western world: St Peter's Basilica. Have your performance group take on an educational master class or workshop at the Fondazione Accademia Nazionale di Santa Cecilia. Rome will give your group plenty of opportunities to learn, explore and showcase your musical talents. Legend, myth, and rich history make the music of Rome an intricate part of Roman culture dating back 1,000's of years. Rome carries an intense and prestigious feel as your group can perform in the most beautiful of venues, creating memories that will last forever! This destination is filled with breathtaking churches, Opera houses, Music conservatories, and more. The challenge for your performance group is not to find a venue or event to perform at, but which one!
