

INTERNATIONAL PERFORMANCE DESTINATIONS: THE NETHERLANDS

The Netherlands performance trips offer a unique experience for your group. Is your choir ready to take the stage at the Concertgebouw Concert Hall, one of the finest concert halls in the world? Is your orchestra ready to fill the air with music at the Royal Concertgebouw? With educational opportunities at the Amsterdam University of the Arts, Master classes, workshops and more, the Netherlands will give your group plenty of opportunities to learn, explore and showcase your musical talents. This country has everything for your Netherlands performance trip. Famous for windmills, canals, cheese, art and hospitality, the Dutch nation lies largely on land reclaimed from the sea. Known for embracing many cultures, the Dutch have a tendency to also embrace every other kind of music but their own. Today, the lively world music scene in all of the Netherlands' main cities ranges from afro and flamenco to tango and rai. When not performing, this destination also boasts iconic attractions such as Van Gogh's emotional journey when he moved from Paris to Arles, learn about Vermeer's "The Milkmaid" and the Rijksmuseum's other treasures, or maybe your students want to stop by a museum entirely dedicated to cats in art?
